**(School documentation showing grade must be presented with form)**

In an effort to accommodate team that are playing locally and not attempting to advance to the National Championships, the North Texas Region – USA Volleyball has adopted a policy to allow players to play with their grade level and out of their age group for local events (age group is waived). Only Club or Recreational level teams may request a waiver. The following are the guidelines by which the club director, parent and player must abide:

- A team may have no more than two waived players.
- The team listed is the only team this named waived player may participate.
- Waivered players must not be impact players or the strongest player on the team.
- Teams with waived players may not play in the Open division of Regional Ranking Tournaments or the North Texas Region Bid Tournament unless they or their team plays up an age division.
- Teams with waived players that go out of region must either play up an age group or not play the waived player.
- Teams that play waived players out of the region without tournament director written approval will forfeit the remainder of their season.
- If a player is in high school, we are only going to **consider** a waiver if they are in a rural area that offers no other places to play.
- Waiver player(s) are not legal until written confirmation from the Executive Director.

Per 2017-2018 Handbook:

**WAIVERED PLAYERS:**

An age waiver may be granted by the Executive Director to players in special circumstances. Any team with a player who has received a waiver may not play in the Junior Regional Championships or the Open division of Regional Bid Events. Any team with a player who has received a waiver cannot play in tournaments outside the region without permission of that region.
